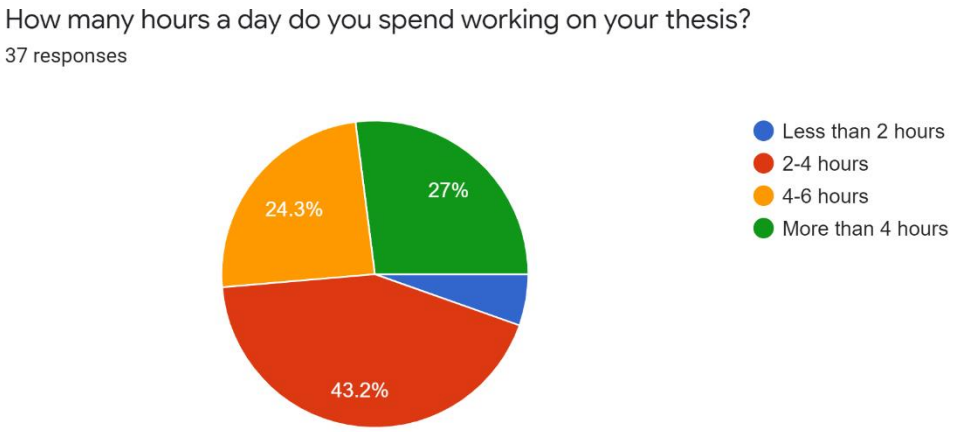
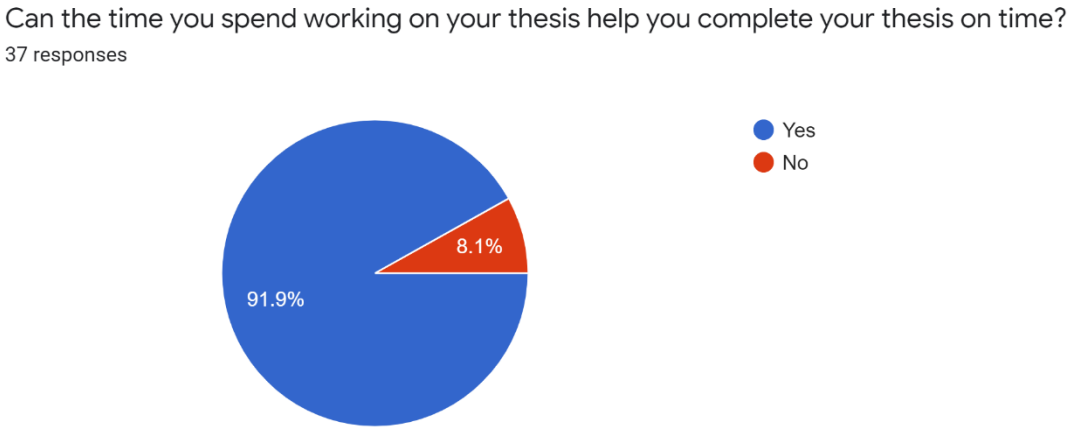
SURVEY RESULTS

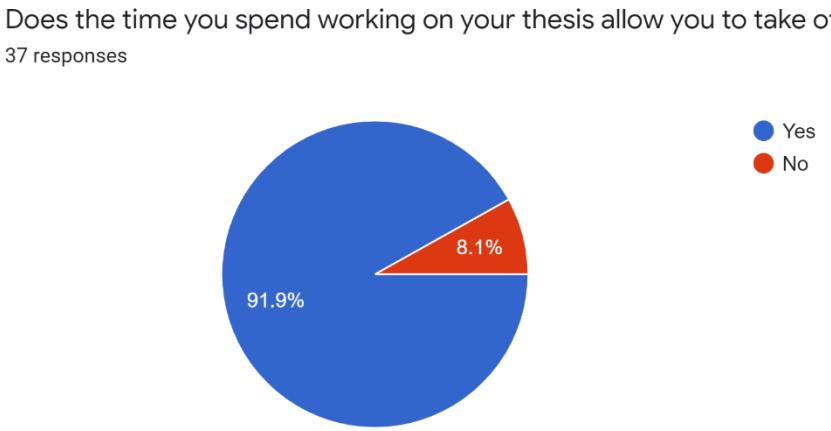
1) How many hours a day do you spend working on your thesis?



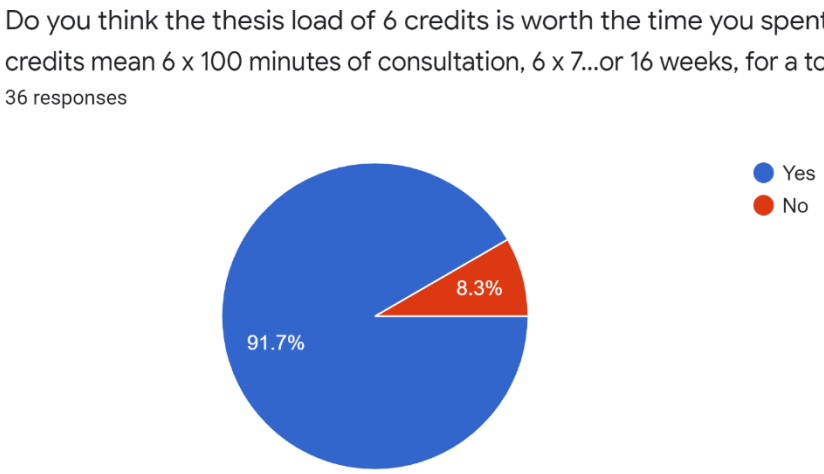
2) Can the time you spend working on your thesis help you complete your thesis on time?



3) Does the time you spend working on your thesis allow you to take other courses well?



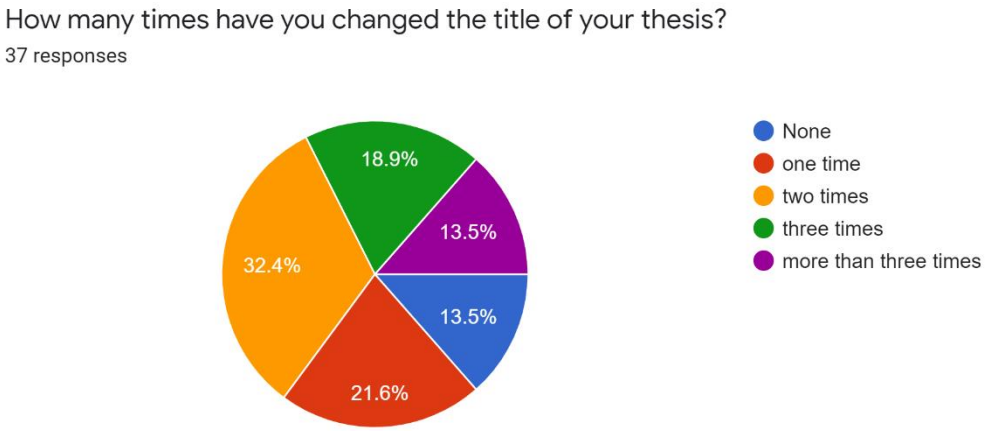
4) Do you think the thesis load of 6 credits is worth the time you spent completing the thesis? (6 credits mean 6 x 100 minutes of consultation, 6 x 70 minutes of structured activities for 16 weeks, for a total of 272 hours per semester)



5) What strategies do you use so that the time you spend working on your thesis can help you complete your thesis on time?
(Samples of responses)
   1. Enough in a consistent way, no matter how big the development is, it is important every day to open the laptop to work on the thesis
   2. Looking for data sources whose locations are accessible and open in providing information and actively working on deadlines

3. Make deadline and try to fulfill it on time
4. Doing night time maybe?
5. Take a focus to do thesis and avoid to look at handphone
6. discipline
7. I made a plan schedule and worked from the easier one.
8. I do my thesis in the morning after I take a bath, usually I do in campus, but sometimes I do in my boarding house. I do it start at 8.00 am until 12.00 am. After that I take a rest. And I do my thesis again at 08.00 pm until 10 pm.
9. plan the target, then finish it.
10. Get it when it's right "mood and intention
11. I manage to complete my thesis in the productive hour 7-10. When i have a good condition to think and do research
12. Keep doing consistent when working on the thesis, I mean everyday there must be progress so the thesis can complete on time
13. "make thesis a priority.
14. always trying to open my thesis such as revision or just rereading it. so I'll never get stuck "
15. Always keep my motivation to finish the thesis highly. Work in the thesis with refreshing mind that mostly in the dawn (1-5 am).
16. I worked it at dawn
17. I make the target, i motivate my self to have a progress although it is just a little bit
18. Making a target every day, like this day I'm working until this part, then next day for another part.
19. I spend my night to work on my thesis, it is easier for me to work in silent atmosphere. I rarely spend my morning for my thesis but I always ready to write any ideas for my thesis everytime.
20. Remembering how much I have to pay for university tuition
21. Consultation with the supervisor lecture and ask to some friends about something confusing
22. make my thesis in my # 1 priority, and take regular breaks.
23. Focus, and not doing something else like scrolling Instagram etc
24. make a schedule for doing thesis
25. Revise the thesis after consulted to lecturers
26. Finish it every day even though later one day it has not been reached. At least in installments first
27. Always work for thesis whatever the conditions. Never stop or hopeless
28. Work regularly 2-4 hours per day
29. Read many books, and then see the many refrences.
30. Making time management for break and work again.
31. Do it consistently, and persistently
32. Working constantly
33. Break my limit
34. Trying to routinely make progress every day, even though in reality there are still obstacles, especially when I take my thesis in semester 7, there are still other courses that I have to master and also the PPL (internship) program so I can't maximize the time to complete the thesis just in within one semester. And my thesis was completely completed in semester 8.
35. make a plan what I will do today and during the time to work on my thesis I focus on working on it

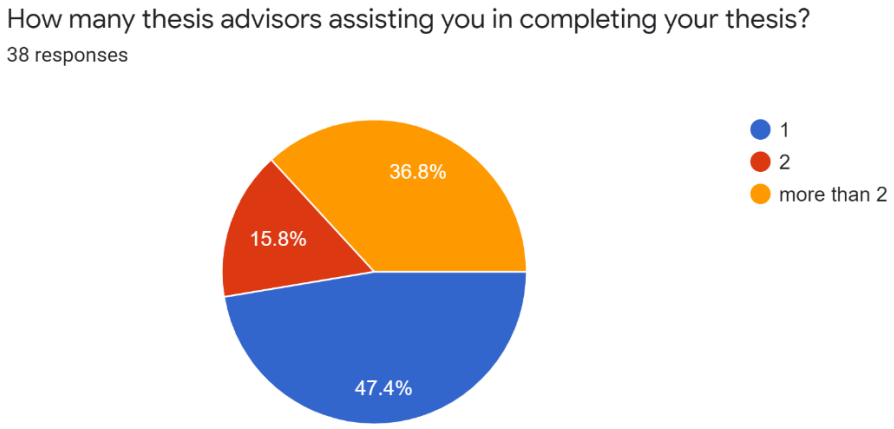
6) How many times have you changed the title of your thesis?



7) Does the thesis guidance that you receive can help you complete your thesis on time?
(Samples of responses)
1. Yes, it works
2. Yes, because you can discuss the problem with the thesis theme expert
3. So so
4. It helps but the one who makes it takes a long time regarding the revision, first in the beginning of 2-3 weeks, new revisions, now it's been revised once a week
5. Yes. Because from thesis guidance, i can know more what i have to do first to finish my thesis.
6. Yes, the thesis guidance helped me to solve the problem I faced when complete my thesis.
7. Yes, because I can know my thesis progress everyday.
8. yes, it does. it's help me more understanding what's wrong with my thesis and how should be repaired, or how should i do
9. Yes, my supervisor has directed a lot to fix imperfect thesis
10. "Yes it does
11. When i felt so lost for write my thesis in correct order and terminology, read the guidance was the super solution "
12. Yes ofc, i can write my thesis well because of the thesis guidance. Thesis guidance help me to know the format of thesis in general
13. yes. the thesis guidance feels like deadline to me. it makes me more discipline in working on my thesis
14. Thesis guidance that mostly helped me is from my thesis advisors. They told what to do in the next step so that my thesis work efficiently.
15. Yes, because my thesis advisors really Mastered the topics what i discussed, and she also gave me good advice
16. Yes, it does. Because the thesis guidance give the good guidelines

17. Yes, because the thesis guidance make me know which part is bad and which part is good, so I can focus on working on the bad part.
18. That's really helpfull. The guidance help me to know the thesis writing rules.
19. Yes. The Lecturer had gave me some advice and steps to write my thesis correctly.
20. Of course, the supervisor lecture gave a lot of suggestions
21. Read a lot of these and consultation
22. Yes, she give me much of feedback from my thesis and also ask me everywhere about my thesis
23. Yes, because the thesis guidance process is carried out in depth
24. Yes, because from the guidance, we can know the structure of thesis
25. Yes. Because with guidance, I can ask for solutions to the problems I get.
26. Yes, of course. From the thesis guidance, I know where is the wrong one and know how is the right
27. Yes, because the guidance given is clearly conveyed regarding matters that are missing, wrong, or incorrect in the thesis preparation
28. Yes, he does. Because, he give me a deadline to finish my thesis. He always caring his student, and give us good communication on whatssapp messanger.
29. Yes, because my guidance given by the lecturer gave a lot of new knowledge, directed it well, and guided me to complete my thesis even better
30. The faculty has provided instructions on how to work a thesis that has been adjusted to the conditions of the Covid-19 pandemic where lectures are conducted online. Then the head of the mathematics education program provides further explanation about the flow of the thesis to the final stage
31. Yes
32. Thesis guidance is very helpful in completing the thesis on time, in my opinion, with the guidance of my thesis, I understand my writing progress and understand whether my thesis is correct and worthy of the test
33. My supervisor gives advice as soon as possible after I show my progress, she is also easy to contact. this is very helpful in completing the thesis faster and motivates me to do it.

8) How many thesis advisors assisting you in completing your thesis?
(Samples of responses)



9) With the number of advisors, do you think it is enough for you to complete?
(Samples of responses)

1. Yes thats enough
2. Enough
3. I think I prefer to have 1 advisor because it will be easier to handle than 2 or more advisor, it was due to their busy time. So then the thesis will be done faster
4. 2
5. 2
6. 1
7. Yes, I do
8. Enough for me.
9. yes, I think it's enough. I have three advisor to complete my thesis. They gave some advise, complain, and ask explain what's mean so that my thesis became more clear
10. Very enough
11. Yes it is. Since my advisor always try to reach and communicate with me so we can create a good research. We even can accomplish to attend an international conference from research that we did together
12. Just one
13. yes
14. Yes, it is enough. Because if the number of advisors is big, then it was difficult to equate opinion about the research.
15. Yes, if my advisor really Mastered my topics
16. Yes
17. Yes
18. I think, it is enough, as long as the writer and the adviser have a good communication.

19. Yes
20. I think enough, they provide a lot of good advice
21. Yes
22. Yes
23. Yes
24. Yes
25. Yes
26. Yes enough. Because the most important thing here is often guidance with a supervisor "
27. Yes
28. Yes
29. 2 times
30. Yes
31. Yes, that's enough
32. Maybe yes
33. Enough
34. Yes

10) What obstacles did you encounter when completing your thesis?

(Samples of responses)

1. No comment
2. The research location was closed due to the Covid 19 pandemic so that the data collection process was delayed
3. "1. Communication with advisor, some times it's hard to get their respond quickly.
4. 2. Arranging the words to be put into the thesis. Or in on the word, it's quite hard to find the appropiate words.
5. 3. Find the mood "
6. Too long revision maybe?
7. Mobile. Because when I start to go on my cellphone, unconsciously I can play my cellphone for more than 1 hour
8. Covid-19
9. It was difficult to find suitable time for collecting the data, because I should followed the agenda of the school where I collect data.
10. Because my thesis is about development of learning media, so i need much time to create learning media. And when I looked for the theory of development research it was very difficult for me.
11. waiting for revisions from some advisors took a long time
12. Nothing
13. First step is the hardest. I do believe that everyone who encounter something new was always need time to adapt. It does also happened while completing my thesis. The big obstacles were how bravely we can take the first step to conduct a research, how we can take responsibility for that research. It's something new for me, but since we have guidance file and advisor all the obstacles to completing my thesis
14. I actually enjoy working on my thesis, so i dont find my obstacles when completing the thesis
15. Im not that good at writing

16. Struggles to find related research because the research topic rarely used before. Low motivation from myself but I encouraged it with the help of my family, friends, and thesis advisors.
17. I don't have a laptop or computer. I only have 1 laptop at home and it is used my sister
18. Need more resources, because in the library have limited books / resources that needed
19. The obstacle is from myself, like one or more days without inspiration, so the idea for thesis isn't working so well.
20. In the beginning, it is feel hard specially to find a nice and suitable topic for my thesis. It is also difficult to learn the theory regarding to our thesis' topic. But it is getting easier after a number of consultation with the adviser and disscusion with some friends or senior.
21. I don't have an enough support system to do my thesis, I don't have a strong enough mentality to deal with my revision, I don't really like to read a foreign journal but I have to since the Indonesian resources for my thesis is limited, I have 3 thesis guide and often they have different opinions and it's complicated me.
22. The pandemic made me some work I couldn't write normally
23. Topic Selection and looking for references
24. Laziness
25. A lack of references
26. at the time of data collection at the destination school
27. Manage time between thesis and work as a tutor. But overall nothing obstacles
28. "
29. There are many opinions that are considered so hesitant to choose which opinion. I'm afraid that what I do will spoil the results of the research, so before I do anything, I think about it carefully. Lastly, it's a lot of pressure to finish in a crowded place "
30. Because this pandemic, I can't communicate with maximum advisor.
31. Lazy
32. I must cheer up myself to don't give up when thesis advisors making her new rules, or rejected my idea.
33. I had a little trouble doing data collection online, it is difficult to share experiences with friends about thesis, via long distance as it is today
34. I can't meet my friends. thus reducing my enthusiasm for working on the thesis
35. None
36. Self-management time and queuing for guidance with advisor lecturers.
37. I feel lazy in doing my thesis. but I always make a target every day so that feeling of laziness must be fought that day
